

Get to know the NEW Compu-JIFS™!

Comprehensive assessment tool covering a broad range of functional skills.

Resource for obtainable functional goals and planning for transition to adult programs.

Easy to use scoring system to monitor an individual's progress. The program does the math for you!

Clear directions with examples for how to collect data.

User-friendly, interactive forms for writing text.

Total control to use only those sections needed for reports.

Customize reports by adding a specific task that is necessary for the client for each skill area.

Shows previous report scores for comparison. And saves your data when you get upgrades!

Ability to print blank or partially filled forms for use on site.

Unlimited, customized, functional reports!

Complimentary set of good old paper manual and score forms included for limited time.

AND

Laminated rating scale card for use with testing on site.

What people say about the JIFS

"The JIFS reflects Betsy's years of experience in OT. It is a comprehensive tool that allows the collection of data in an effective and efficient manner. I highly recommend its use."

Karen Jacobs, Associate Professor, BU,
OT Dept.

"Congratulations! This is a wonderful achievement for...the clients, the caregivers, the administrations monitoring effectiveness of treatment and the world of Occupational Therapy."

- Arlene, OTR/L

"I am so excited about this assessment tool! JIFS is by far the best functional assessment I have ever read! I love the flexibility and... the activities you have chosen to be assessed."

-Jennifer, SpEd teacher

I always encourage all customers to let me know how the JIFS works, or doesn't work, for them. That is how a truly functional, dynamic assessment evolves. When upgrades are made with the Compu-JIFS™, customers will get them FOR FREE.

Thank you for your time, work and patronage.

Most Sincerely,

Betsy Kennedy, MS, OTR, CLT, CLYL

PS.

You may have noticed that "Jacobs" is no longer part of my name, but the JIFS is still my baby. You also may be wondering what all those letters mean after my name. I got my Masters in OT at Sargent College, Boston University in 1988. I am also a Certified Lymphedema Therapist and a Certified Laughter Yoga Leader! HA HA HA! So when you are in the Madison, WI area, come laugh with me!

HOW TO ORDER:

Visit www.betterfunctioning.com for more information on the Jacobs Inventory of Functional Skills (JIFS), © 1999, and to order. Paper format of the JIFS are still available, too. You can pay using **PayPal**, print out an order form to mail (or scan and email), or call during business hours CT. **608-455-1644**

How serious am I about feedback?

The first 3 customer orders that I receive for Compu-JIFS™ LS will get a

25% rebate in exchange for your honest feedback*

Save \$56.25

Full price \$225

The next 3 customer orders that I receive for Compu-JIFS™ LS will get a

15% rebate in exchange for your honest feedback*

Save \$33.75

Full price \$225

AND

All therapy customers of Compu-JIFS™ Life Skills Edition, will be able to get the **Foundation Skills for only \$75** as soon as it is available.

Buy now and save an additional \$25!

If you wait to get both skills sets, which comprises the OTR Edition of the JIFS, when the Foundation Skills software is available, you will pay \$325. The Foundation Skills includes Sensory Integration, Fine Motor, Oral Motor and Neuromotor skills, which together with the Life Skills completes the OTR Edition of the JIFS.

***Here's the fine print:** The first 6 customers will pay full price for Compu-JIFS™, and receive 25% rebate (first three customers) or 15% rebate (next three customers) after I get your honest feedback in writing or email within 60 days of you receiving your order. Rebate offer only good for Compu-JIFS™ orders. If you order Compu-JIFS™ as well as other JIFS materials, the rebate will only be for the price of the **Compu-JIFS™**.
